PROFILE

Full-stack developer and Software Engineering student at MUST. I ship complete web products — database, API, UI, deployment — with Next.js, TypeScript, Node.js and MongoDB/PostgreSQL. Pinecone Academy graduate, PineQuest S3 hackathon winner. Looking for an internship or junior role where I can build real features with an experienced team.

PROJECTS

EduBuzz — Real-time live quiz platform 2026 – present

Next.js · Tailwind · Socket.IO · Express · MongoDB · qr-kahoot.vercel.app

- Kahoot-style quiz game: teachers create quizzes, students join a room by QR code and answer live over WebSockets
- Built teacher / student / admin roles, room lifecycle and live scoring; deployed on Vercel
- Designed the UI in Figma and v0.dev, implemented with shadcn/ui

Ascend — Student club website for MUST Oct 2026 – present

Next.js · TypeScript · Tailwind

- Trilingual (MN / RU / EN) site built at a lecturer's request: online admissions, member profiles, admin panel and news

MUST International Research Club website Oct 2026 – present

Next.js · TypeScript · 10-person student team

- Own the UI/UX design (HTML prototype → Figma) and the proposed full-stack Next.js architecture
